# INDEX TO VOL. XLV

# Electrical Review

## NEW YORK

### JULY 2 TO DECEMBER 31, 1904

Articles marked * are illustrated; (E) indicates "Editorial"; (P) indicates notes under "Recent Electrical Patents"; (R) indicates "Review of Current Engineering Literature."

**A**

Action of light upon the formation of accumulators ..... 150
Action of lightning strokes on buildings, the (R) ..... 496
Accumulators, the theory of (R)..... 667
Additional revenue for a street railway company ..... 434
Addresses of foreign visitors..... 757
Age of science, the (E)..... 114
Age of science, the, by Ira A. Remsen..... 114
Alaskan cable, completion of..... 223
Alaskan telegraph, the (E)..... 775
Alaskan telegraph, the, by George C. Maynard ..... 779
Altbach Deizisau central station, the, by Dr. Alfred Gradenwitz..... 661
Alternating currents (E)..... 999
Alternating currents in chemistry, the use of, and the theory of the reactions which they bring about (R)..... 168
Alternating currents, adaptation of..... 222
Alternating-current instruments, the use of iron in (R)..... 1056
Alternating-current motor (P)..... 716
Alternating-current motor (P)*..... 1058
Alternating-current railway motor..... 788
Alternating-current electric traction from gas power..... 868
Aluminum electrical conductors, Roderick J. Parke ..... 14
Aluminum, a new use for..... 70
American Diesel engine, the, by E. D. Meier. 673
American electrical methods..... 931
American Electrochemical Society, transactions of the..... 95
American Electrochemical Society..... 242
American Institute of Electrical Engineers, the (E)..... 693
American Institute of Electrical Engineers 3, 400, 673, 753, 849, 886, 927, 1103, 1112
American practice in high-tension line construction and operation, by Dr. F. A. C. Perrine ..... 524
American Society of Municipal Improvements ..... 242
Amsterdam-Haarlem electric trolley, a visit to the..... 1054
Anniversary of the Rœntgen discovery..... 596
Anniversary at Columbia University..... 749
Annual report of the Western Union Telegraph Company..... 674
Anxiety, no need for (E)..... 607
Apparatus for the production of high-frequency currents (R)..... 497
Application of electricity to steam roads, by L. S. Randolph..... 231
Arc lamp for amateurs, an..... 131
Arc lamp with a hot-wire control, an..... 591
Arc, the electric (R)..... 399
Armour Institute of Technology..... 150
Armature (P)..... 447
Armature coils, means for retaining..... 196
Armature reaction in alternators (R)..... 313
Artificial loads for the dissipation of electric power ..... 241
Artistic construction of power-houses (E).. 691
Atmospheric radioactivity (R)..... 100
Audible indicator for light or motor circuit (P) ..... 495
Austrian single-phase railway, an..... 565
Automatic block signals on the Queen & Crescent route*..... 679
Automatic brush adjuster (P)..... 717
Automatic regenerative control for electric traction, an..... 889
Automatic telephone system at Los Angeles, Cal., by P. K. Higgins*..... 337
Automobile lines as railway feeders (E).... 36
Automobile school, an..... 715
Australian telegraph system, the (R)..... 809
Auto-telegraph car, the, by Waldon Fawcett 445
Auxiliary electrodes in lead accumulators (R) ..... 588

**B**

Banquet of the New York Edison Company's agents and inspectors..... 963
Barclay printing telegraph system, the..... 1000
Battery holder (P)..... 749
Batteries and accumulators with heavy acid 566
Battle of the powers, the (E)..... 181
Battle of the powers..... 344
Bending moments in rails..... 158
Berlin, Germany, central station, the, by C. L. Durand*..... 38
Boehm system of train lighting..... 42
Boiler-house economies, by R. S. Downe.... 192
Boiler-room problem, the (E)..... 217
Bombay, electric lighting in..... 279
Bonhivers diffuser, the (R)..... 347
Breakdowns of electrical machinery (E).... 326
Briquettes, the use of, by French railroads. 153
Brush-holder (P)*..... 1058

Book Reviews.
A. L. A. Catalogue..... 1024
American Street Railway Investments. 89
American Trade Index for 1904..... 271
A Text-Book on Static Electricity. Mason ..... 12

Book Reviews—*Continued.*
Concerning Type; a Hand-Book for Users of Printing. Carnell..... 89
Congres de la Huille Blanche..... 163
Dynamoelectric Machinery. Thompson. 162
Electrical Engineers' Pocket Book. Foster ..... 1098
Electric Furnace, the. Moissan..... 974
Electric Lighting. Crocker..... 884
Electric Lighting for Amateurs..... 12
Electric Motors. Hobart..... 162
Electrolysis of Water, Processes and Applications. Engelhardt..... 973
Elements of General Draughting for Mechanical Engineers. Coolidge and Freeman ..... 1098
Elements of Mechanism. Schwamb and Merrill ..... 973
Experiments with Alternate Currents of High Potential and High Frequency. Tesla ..... 796
Fowler's Electrical Engineers' Year Book 915
General Index to the Street Railway Journal ..... 11
Grammar School Arithmetic. Smith.. 89
Lamp-Lighting Schedule. Badt..... 1024
Mechanical Appliances, Mechanical Movements and Novelties of Construction. Hiscox..... 752
Mechanical Drawing Simply Explained. Powell ..... 11
Modern Electricity. Henry and Hora. 11
Moody's Manual of Corporation Statistics ..... 89
Naval Constructor, the. Simpson..... 1098
Naval Electricians' Text and Hand-Book. Bullard ..... 162
Notes on X-Light. Rollins..... 796
Patents Simply Explained..... 11
Private House Lighting. Taylor..... 915
Resistance, Inductance and Capacite. Rodet ..... 1024
Scientific American Reference Book. Hopkins and Bond..... 884
Small Electrical Measuring Instruments 1098
Spangenberg's Steam and Electrical Engineering. Spangenberg, Uhl and Pratt ..... 12
Steam Turbines. Harrison..... 1098
Telephony. Abbott..... 694
Text-Book of Electrical Machinery. Ryan, Norris and Hoxie..... 162
Traité Elémentaire des Enroulements des Dynamos a Courant Continu. Loppé ..... 11
Traité Théoretique et Pratique d'Electricite. Pécheux..... 1024

BOOK REVIEWS—*Continued.*
Uses of Electricity on Shipboard. Kellogg ..... 11
Wire and Wireless Telegraphy. Moore. 973
British Association 1904 meeting at Cambridge, England, by J. B. C. Kershaw 379
British electrical inventions, recent..... 240
British Institution of Electrical Engineers, delegates of.....21, 241, 330
British standards for electrical machinery (E) ..... 327
Brooklyn Polytechnic Institute, the..... 826
Budapest telephone exchange, the (R).... 718
Bureau of standards, organization and work of the (R)..... 100
Burglar and fire-alarm, a simple electric.. 283

C

Calculation of tramway networks (R).... 850
Candee, a serious accident to Willard C..... 294
Carbon battery electrodes, a new process for ..... 88
Carbon brushes on the modern dynamo? why use (R)..... 23
Carbon cell, the (E)..... 512
Carbon cell, the, by Dr. F. Haber and Dr. L. Bruner..... 514
Carbons, progress in the manufacture of artificial ..... 1105
Car truck, electric (P)*..... 1016
Case School of Applied Science..... 8
*Cassier's Magazine,* electric power number of ..... 46
Caution necessary when employing producer gas (E)..... 907
Central stations for distributing electrical energy in France (R)..... 543
Centrifugal pumps, high-pressure (R)..... 202
Centrifugal switch (P)..... 717
Changes affecting the customs laws enacted by the Canadian Government..... 535
Chaux-de-Fonds-Locle hydraulic plant, by C. L. Durand..... 745
Chemistry of electroplating, the, by Professor Wilder D. Bancroft..... 742
Chemistry of electroplating, the (E)..... 775
Chicago subway company..... 892
Chlorate and perchlorate (R)..... 934
Cincinnati branch, American Institute of Electrical Engineers..... 87
Circular tour of the American Institute of Electrical Engineers....71, 234, 293, 363, 428, 483, 540
Circuit closer, electric (P)..... 495
City of Newark to attempt to collect taxes from Public Service Corporation..... 1013
Civil service examinations for the state and county service..... 438
Clarkson School of Technology, the..... 67
Cleaning ships' bottoms by electricity..... 596
Clip for electric switches (P)..... 716
Clock to run 2,000 years..... 889
Coal and ash-handling machinery at the power station of the Scioto Valley Traction Company, Columbus, Ohio..... 797
Coal-handling plant of the power-house of the Interborough Rapid Transit Company* ..... 1099
Colorado City, new switching station at.... 160
Commercial aspects of telephone line protection, by Kempster B. Miller..... 960
Commercial limits of transmission (E)..... 360
Commercial practicability of electric traction by surface contacts, by C. E. C. Shawfield ..... 132
Commonwealth Electric Company, the new station of the..... 17
Commutation of a direct-current dynamo, investigation of the (A)..... 346
Comparative designs for a ten-kilowatt dynamo (R)..... 1106
Comparative tests of illuminants..... 150
Comparison between direct-current and polyphase systems for electric hoisting (R) 589
Comparison of small inductances at high frequencies (R)..... 750
Compensated single-phase motor, the (E).. 292
Compensating terminal for electric furnace (P) ..... 587
Competition of water powers (E)..... 558
Condensers for steam turbines, by G. I. Rockwood ..... 1090
Condensers, industrial (R)..... 203
Consulting profession, the (E)..... 823
Controller, the electric car (E)..... 79
Controlling and regulating motors, means for (P)..... 495
Controlling switch for electrical circuits (P)* ..... 978
Convention of the American Street Railway Association, the (E)..... 649
Convention of district managers of the Westinghouse Electric and Manufacturing Company ..... 892
Convention of street railway men at St. Louis ..... 538
Cotton mills, electric driving of (E)..... 1041
Current-controlling system (R)*..... 1058
CONVENTIONS.
American Association for the Advancement of Science.....973, 1108
American Electrotherapeutic Association 591
American Railway Master Mechanics' Association ..... 17
American Railway Mechanical and Electrical Association..... 609
American Society of Mechanical Engineers.....736, 926, 1020
American Street Railway Association.485, 608
American Trade Press Association..... 855
Association of Edison Illuminating Companies.....242, 294, 394
Canadian Electrical Association..... 9
Colorado Electric Light, Power and Railway Association.....347, 535
Electrical Contractors' Association of New York State..... 1108
Illinois Electrical Contractors' Association ..... 1020
Illinois State Electric Association...566, 686
Independent Telephone Association of the United States.....485, 531
Indiana Independent Mutual Telephone Association ..... 45
International Association of Municipal Electricians.....336, 486
International Electrical Congress, the, 62, 234, 270, 293, 353, 363, 428, 475
International Engineering Congress.... 538
Interstate Independent Telephone Association.....868, 963, 1022
Master Car Builders' Association..... 17
Michigan Electric Lighting Association.....197, 676
Minnesota Telephone Association..... 277
National Electrical Contractors' Association.....276, 432, 487
National Electric Light Association*... 964
New England Waterworks Association. 570
New York State Independent Telephone Association ..... 20
Northwestern Electrical Association... 224, 485, 962
Ohio Electric Light Association.....200, 309
Ohio Society of Mechanical, Electrical and Steam Engineers.....378, 826
Ohio Telephone Association..... 271
Old Time Telegraphers and Military Telegraph Corps.....200, 618
Pacific Coast Transmission Association, the.....67, 275
Pennsylvania State Telephone Association ..... 686
Railway Signal Association..... 673
Society for the Promotion of Engineering Education, the..... 491
Society of Chemical Industry..... 246
Street Railway Accountants' Association of America.....336, 612
Street Railway Association of the State of New York..... 433
Copper mines of Vermont, the..... 562
Copper production (E)..... 36
Copper shipments to the United States from Mexico ..... 741
Copper, the testing of hard-drawn, by Lawrence Addicks..... 468
Cornell University, Association of Civil Engineers of..... 42
Correction, a..... 87
Correction, a..... 438
Cost of street lighting in Chicago..... 280
Counter for registering calls for automatic telephone exchanges (P)..... 749
Critical observations in a central station, some, by Howard S. Knowlton..... 81

D

Dangers due to electrical conductors, means of avoiding (R)..... 977
Dangers of grease in boiler feed water, the (R) ..... 496
Dangers of producer gas, the (R)..... 750
Dangers of producer gas, the..... 915
Danish detinning works, a, by C. V. Schou.. 539
Davenport, Tasmania, electric lighting of (R) ..... 313
Decision affecting measuring instruments, a 932
Day load as a factor in central station earning capacity, a, by Lehman B. Holt... 382
Department of international research and terrestrial magnetism, work at the.... 89
Departure in street railway service..... 853
Depreciation of the Boston Elevated Railway, by Howard S. Knowlton..... 930
Design of generators for electric-power transmission (R)..... 850
Development of electric traction, by W. Caryl Ely..... 668
Diaphragm for electrolytic cells, new form of 299
Dinner of the Carnegie Veterans' Association ..... 954
Direct-current generating system giving a practically constant voltage at a variable speed, a (R)..... 101
Dissociation of copper sulphate and the decomposition of copper anodes, the (R). 22
Distribution of electric power from transmission stations..... 63
Does a technical education educate? (E)... 148
Domestic and foreign jurors in the electricity section of the International Jury of Awards of the Universal Exposition, St. Louis, Mo., 1904*..... 1055

E

Earth currents, the..... 276
Eastern Telegraph Company to use wireless telegraphy ..... 259
Economy in consumption of current..... 665
Economy of fuel and generating stations... 886
Edison and the Patent Office examiners, the case of..... 13
Edison laboratories visited by the Institution of Electrical Engineers of Great Britain 538
Edison medal, design for the..... 977
Educational exhibits in the palace of electricity ..... 121
Effect of blue light upon pain, the..... 620
Effects of alternating and direct currents on insulators (E)..... 649
Efficiency of direct-current driving, the (R) 1014
Egypt, electrical appliances in..... 710
Electrician for the custodian service, Brooklyn, N. Y..... 336
Electric aid for fire-fighters (E)..... 651
Electric compressed-air locomotives for mines ..... 16
Electric baker for surgical purposes (P)*... 933
Electric bus line..... 149
Electric capstan, a new..... 918
Electric cigar lighter (P)*..... 1102
Electric conductivity of solutions of radium bromide (R)..... 22
Electric decoration (E)..... 1039
Electric elevator for Liberty statue..... 501
Electric fans in winter (E)..... 1081
Electric furnace (P)*..... 396
Electric furnace in the production of iron and steel, the (E)..... 951
Electric hardening of high-speed tool steel (E) ..... 907
Electric heating apparatus (P)*..... 842
Electric ignition in motor cars..... 1108
Electric inverter for superimposed currents, an ..... 871
Electric lamp (P)*..... 749
Electric locomotive design, a noteworthy advance in (E)..... 824
Electric motor (P)*..... 807
Electric motor for portable service (P)*.... 881
Electric operation of mills in Spain..... 1086
Electric organ of the Torpedinidæ, the (R) ..... 61
Electric power distribution in South Wales (R) ..... 1106
Electric power for cotton mills..... 640
Electric power used in constructing the railway line around Lake Baikal..... 447
Electric railroading (E)..... 908
Electric railroad in Peru..... 586
Electric railway braking (R)..... 666
Electric smelting furnaces..... 1013
Electric theory of matter, by J. Stanley Richmond ..... 297
Electric traction in Belfast, Ireland..... 667
Electric tramway for West Fife, Scotland.. 1030
Electric tramway in Mandalay..... 715
Electric truck test, an (R)..... 1107
Electric water-power *versus* coal (E)..... 825
Electric welding clamping device (P)*..... 277
Electrical committee of the underwriters to meet ..... 763
Electric energy in bulk, sales of (E)..... 37
Electrical engineering graduates, records of* 260

Electrical exports to Latin-America..... 155
Electrical fire hazard, the, by C. J. H. Woodbury ..... 981
Electrical generation of steam, the (E).... 182
Electrical industries in England..... 130
Electrical installations abroad..... 620
Electrical mining notes, by Sydney F. Walker.....7, 342, 675, 1010
Electrical notes from Europe, by C. L. Durand.....96, 385, 446, 801, 971
Electrical notes from India, A. C. H..... 1000
Electrical oscillations (E)..... 1
Electrical oscillations and corresponding voltage rises..... 19
Electrical power—generating stations and transmission, by L. B. Stillwell..... 705
Electrical quick-return system, an*..... 265
Electrical railway statistics..... 259
ELECTRICAL REVIEW, the (E)..... 511
Electrical signal lighting on the Lancashire & Yorkshire Railway (R)..... 1056
Electrical system of the Midland Railway at Heysham Harbor, England (R)..... 589
Electrical transmission for a cotton mill, new ..... 378
Electrical transmission of energy, the, Abbott ..... 884
Electrical transmission electrostatically treated, by J. Stanley Richmond..... 183
Electrically heated tool (P)*..... 397
Electrically operated drawbridge for small waterways, by H. G. Tyrrell*..... 1104
Electricity from water-power, by A. A. Campbell Swinton..... 579
Electricity as a cause of fires..... 241
Electricity in farming (E)..... 467
Electricity in farm work..... 973
Electricity in Grand Trunk tunnel..... 150
Electricity in plant life..... 153
Electricity in textile mills..... 619
Electricity in warships (R)..... 666
Electricity, new uses of (E)..... 1041
Electrification of Southern Pacific suburban lines ..... 535
Electrification of the New York, New Haven & Hartford..... 541
Electrification of the Northeastern railway, England ..... 161
Electrochemical exhibits at the World's Fair. 403
Electrochemical process for the treatment of silver sulphides and gold ores, by M. Vaygouny ..... 757
Electrolysis by means of alternating currents (R)..... 1056
Electrolysis of water mains..... 570
Electrolysis, plan to prevent..... 515
Electrolytic bleaching plant at Billingfors, Sweden (R)..... 890
Electrolytic corrosion of water pipes at Bayonne, N. J. (R)..... 934
Electrolytic dissolution of platinum in hydrochloric acid, remarks upon the (R)..... 588
Electrometallurgical power-house of Praz, the (R)..... 628
Electromotive force induced in a rotating dielectric (E)..... 36
Electromotive force of the Clark cell, the (E) 557
Electron theory, the, W. S. F..... 18
Electrotropism of roots (R)..... 244
Engineering and trade opportunities..... 582
Engineering department of the University of Texas..... 1086
Engineering researches in science (E)..... 359
Engineers' society of the University of Minnesota ..... 157
English railway statistics..... 584
English steam turbine electric power station, an up-to-date, by Frank C. Perkins* ..... 1045
Equipping mines with electricity..... 474
Erie canal, electrical towing on the..... 571
Essential oils, electrical extraction of (P)* 58
Europe, electrical notes from, by C. L. Durand.....96, 385, 446, 801
Evening lectures in electricity at the Polytechnic Institute, Brooklyn..... 982
Exports of rubber from Amazon river..... 637
Exposition, the closing of the (E)..... 907
Express carried by elevated trains..... 630
Express train in the New York subway (C). 559
Extensive damage to telephone and telegraph circuits from big storm..... 826
Extent of telephone service..... 964
Extinguishing arcs, means for (P)*..... 277

## F

Faraday Society, the.....49, 840, 1008
Farewell supper to the Institution of Electrical Engineers of Great Britain..... 535
Fast railroad service as an aid to business communication ..... 892
Fibre galvanometer, the..... 874
Fire protection of a seaside amusement resort 250
First message from Nome, Alaska..... 241
Fixation of nitrogen (C)..... 559
Forest telephones (E)..... 466
French imports and exports of electrical material ..... 1024
Fuel, a new..... 276
Fuel economy in central generating stations, by J. B. C. Kershaw*..... 613
Fuel economy in central stations (E)..... 692
Fuel gas for combustion engines (R)..... 628
Fuel-testing plant of the United States geological survey..... 915
Fuel, the use of oil for..... 397
Furnace, a new*..... 64
Furnace for manufacture of steel (P)*..... 717
Furnace, the electric..... 11
Future of the steam locomotive, the (E)..... 909

## G

Gas and electric lighting (E)..... 823
Gas engine for large powers, advantage of three-cylinder, compound (R)..... 346
Gas engine performance in generating stations (E)..... 950
Gas or vapor electric devices, a method of starting (P)*..... 201
Gas turbine, the (E)..... 777
Gas turbines (R)..... 851
Gas turbines, a scientific investigation of the possibilities of..... 778
Gas turbines, notes on the efficiency of (R) 976
German coal in France..... 401
German electrical industries..... 165
German high-speed railway tests, the (E).. 113
Germany, costs and profits of electric railways in..... 220
Germany, electric transportation in..... 438
Gilbert tercentenary, the..... 63
Glass, electrical furnace in the manufacture of ..... 234
Glower lamp apparatus (P)*..... 58
Good advice to be accepted with reserve (E) ..... 950
Good fellowship among the engineers..... 432
Governing of impulse water-wheels, the (R)* 891
Gramme, proposed memorial to..... 153
Graphical determination of the characteristics of the compound dynamo (R).... 1106
Graphics in the study of mathematics, the use of (E)..... 79
Graphite tracings of the Faradic and other interrupted currents, by H. Lewis Jones* 887
Graphite in 1903, the production of..... 491
Grounded transmission systems (E)..... 867
Grounded transmission mediums, by J. Stanley Richmond*. 869, 912, 965, 1001, 1042, 1084
Grounding the neutral point of a three-phase distributing system, influence of, on the loss of power in the dielectric of the cable (R)..... 398
Grounding-wire attachment (P)..... 98
Group photograph of the officers and directors of the National Electrical Contractors' Association*..... 591

## H

Hall boy, the..... 42
Hammer, electric (P)*..... 345
Handling materials electrically (E)..... 423
Haphazard engineering (E)..... 949
Hard-rubber insulators, improving (R)..... 398
Heater, electric (P)*..... 58
Heating, electric (E)..... 216
Helena, Mont., Light and Traction Company, the substation of the (R)..... 1057
Higher education in Germany and the United States ..... 164
Higher scientific education..... 1063
Highest fall in the world, the, by Enrico Bignami* ..... 701
High-pressure water-power in the East (E).. 733
High speed and safety in passenger cars.... 704
High-speed electric railway experiments on the Marienfelde-Zossen line, by Alexander Siemens..... 91
High-speed electric railway tests. Siemens.. 124
High-tension direct currents..... 586
High-tension lines, by H. P. Gibbs*..... 652
High-tension transmission meeting at Chicago 3
High-voltage lines, report of the committee of the New York State Street Railway Association on the danger of..... 536
Hoisting engines, electrically operated, by Emile Guarini*..... 571
Homopolar dynamo, a..... 1055
Hopkinson test for multiphase induction motors, the (A)..... 61
Horn arresters, an experiment to illustrate the principle of (R)..... 718
Hotel Astor, the mechanical and electrical equipment of the*..... 435
House wiring, system of (P)*..... 243
Hydraulic power of the Pyrenees, the (R).. 448
Hydrodynamic model of electric flux, a (E) 1040
Hydrodynamical and electromagnetic investigations regarding the magnetic flux distribution in toothed-core armatures, by H. S. Hele-Shaw, Alfred Hay, and P. H. Powell*..... 1049
Hydroelectric statistics..... 499
Hydroelectric station of Plan du Var, France, the (R)..... 496
Hysteresis loss at high frequencies..... 841

## I

Imports of electrical goods into England... 260
Improving electric lighting service..... 131
Impulse wheel for fluid-pressure turbines (P)* ..... 133
Incandescent lamps, life of (R)..... 398
Inclined cable road up to the Hohensyburg, Westfalen Province, Germany, by Franz Kœster* ..... 563
Independent telephone association, a new... 260
Index for Volume XLV, the (E)..... 1083
India, electrical notes from, by A. C. H.... 157
Indian National Congress Industrial Exhibition ..... 915
Individual motor drive, the (R)..... 135
Industrial electrometallurgy, the condition of (R) ..... 168
INDUSTRIAL SECTION.
Adjustable telephone bracket, an, E. T. M. Co.*..... 1028
Allen-Bradley controllers being tested for government use, A. E. F. Co.... 855
Ammeter for secondary current of induction coils, J. G. B.*..... 1111
Announcement from the National Electric Company*..... 724
Automatic Electric Company at the World's Fair, the*..... 854
Automatic motor-driven boiler feed pump and receiver, I. S. P. Co.*..... 812
Automatic pump controller, W. E. & Mfg. Co.*..... 938
Automatic switch, a new, G. I. A. L. Co.* ..... 595
Automobile, a new electric..... 409
Automobile, a terraced, F. M. V. Co.*.. 405
Awards to the Westinghouse companies at the Louisiana Purchase Exposition. 765
Bastian electrolytic meter, the H. Mfg. Co.* ..... 1030
Baum steam separators, B. S. & M. Co.* 987
Bogia regulating socket, the, L. F. B.* 1069
Boiler flue cleaner, a new, P. S. Co.*... 987
Brown Hoisting Machinery Company's exhibit at St. Louis*..... 498
Calculagraph Company, in favor of the. 318
Case controller, the, C. Mfg. Co.*..... 681
Chain block exhibit of the Yale & Towne Manufacturing Company*..... 173
Christmas tree receptacles, W. R..... 940
Churcher alternating-current rectifier.. 248
"Climax" arc lamps, K. E. and Mfg. Co.* 316
Combination switch and plug cutouts, H. T. P. Co.*..... 1027
Condensers in the power plant, Machinery Hall, St. Louis, the, H. R. W..... 502
Conduit pipe hanger, a new, A. H. Mfg. Co.*..... 854
Cooper Hewitt lamps at the World's Fair* ..... 720
Crane motor, a new Westinghouse, W. E. & Mfg. Co..... 1113
Crocker-Wheeler Company secures an important contract..... 1030
Crouse-Hinds harpoon guy anchor, C.-H. Co.* ..... 1111
Curtis steam turbine, the, G. E. Co.*.. 27
Direct-current generators, the Jeffrey J. Mfg. Co.*..... 410
D'Olier universal sockets and shades, D. E. Co.*..... 406
Dynamos and motors, to manufacture, B. E. Co.*..... 352
Economizers, new form of Sturtevant, B. F. S. Co.*..... 284

INDUSTRIAL SECTION—*Continued.*

Electric air cooler ..... 205
Electric air drill, an, D. E. Co.* ..... 106
Electric current for thawing frozen water pipes, the use of, P. T. Co.* ... 940
Electric locomotives for gathering purposes, J. Mfg. Co.* ..... 139
Electric sign, a new, E. A. S. Co.* .... 724
Electric Storage Battery Company at the World's Fair, the* ..... 407
Electric toys, K. E. N. Co.* ..... 1028
Electric vehicle type storage batteries, G. S. B. Co.* ..... 140
Electrical charges, a device for the dispersion of, P. Co ..... 410
Electrical measuring instruments at the World's Fair, L. & N. Co. ..... 895
Electrical mining pumps, G. Mfg. Co.* . 894
Electrical specialties, M. E. Mfg. Co.* .. 895

Production of aluminum and bauxite in 1903 ... 832
Production of copper for 1903 ... 280
Production of gas, coke, tar and ammonia in 1903 ... 1044
Production of ozone in the Siemens generator, and an improved construction of this apparatus, the (R) ... 851
Production of platinum in 1903 ... 1005
Protection of the third rail ... 260
Protection of workmen on high-tension conductors, steps toward the ... 221
Protective device for electrical circuits (P)* ... 881
Protective system for electric conductors (P)* ... 716
Protest on behalf of wattless current, a (R) ... 1014
Purdue University ... 8
Purification of water for the production of steam, the, by J. O. Handy ... 791
Puyallup river water-power development, the (R) ... 666

Q

Quality of telephone service, the, by Samuel G. McMeen* ... 1006
"Question Box" of the National Electric Light Association ... 1108

R

Rack rail (P)* ... 807
Radioactive energy, the source of (R) ... 61
Radium and radioactivity ... 840
Radium bromide, electric conductivity of solutions of (R) ... 22
Radium emanations, the properties of (E) ... 113
Radium finds, new ... 97
Radium, practical uses of (E) ... 147
Radium rays on the colon bacillus, effect of (R) ... 398
Radium, synthetic action of (E) ... 291
Railless electric roads ... 260
Rail stresses (R) ... 497
Railways and tramways for suburban service (R) ... 890
Railway motors, some points in a comparison of types of ... 185
Railway trains, electric lighting of (R) ... 390
Rapid transit subway in New York city, the* ... 369
Rapid transit subway in New York city, official opening of the ... 538
Rates for pumping city water (E) ... 998
Raworth regenerative control for tramway motors, the (R) ... 279
Receiver appointed for the Gould trolley interests in Virginia ... 157
Recent advances in the analysis of the earth's permanent magnetic field, by L. A. Bauer ... 875
Recent electric railway development (E) ... 557
Recent tests of steam turbines ... 1005
Reciprocating engine, excellent performance of a ... 184
Recording wattmeter, the speed of the (E) ... 114
Rectifying effects in conducting gases, some new ... 169
Refinements of mechanical science, some, by Ambrose Swasey ... 1017
Refuse destructors at the Saltley, England, power station (R) ... 542
Regulating marine clocks by means of wireless telegraphy ... 390
Regulator, a new (P) ... 635
Reichsanstalt in 1903, the work of the (R) ... 400
Relation of gas pressure in a vacuum tube to the length of spark ... 330
Relative efficiencies of hydraulic and electric elevator, by William C. L. Eglin ... 798
Remarkable performance of a storage battery, a ... 250
Report of the United States naval liquid fuel board ... 752
Report of the wire department, Boston, Mass. ... 89
Resignation of Chief Engineer Parsons (E) ... 950
Resistance box contacts, a new arrangement of (R) ... 1056
Return to stoves, a (E) ... 513
Rheostat, new form of (P)* ... 166
Rœntgen-ray tube (P)* ... 842
Rœntgen rays in the manufacture of cables (R) ... 588
Rœntgen rays in therapeutics, the use of ... 796
Rotation, an instrument indicating irregularity of (R) ... 22
Royal favors to distinguished scientists ... 962
Rubber culture (E) ... 80
Rubber culture in Mexico ... 8
Rubber growing in Siam ... 13
